L 3755 D 14-11-45
Reminder

From the Municipal Commissioner
L-1-P-N 12, dated 13-12-45

States that the city Municipal Council have agreed with the Chairman of the City Improvement Trust Board, and have resolved that the opening out of the blind road in the area between the Gandhi Bazaar Road and 4-th Samaj Road, to join Gandhi Bazaar Road, Basavanagudi, be dropped,

65) The history of the case has been explained at paras 44 to 49 of the Notes Supra

66) It is stated that an objection petition

42575 4095

from the General Superintendent, Methodist Missionary Society protesting against the acquisition of the lands, was received and after consideration the City Municipal Council have resolved ~~to~~ that there was no necessity for the continuation of the Street in front of Rev Atma Narasinga Rao House and that the acquisition which was proposed to be undertaken at a heavy cost (Rs 5123) may be dropped.

64) In the several representations addressed to the Government, Rev Atma Narasinga Rao has brought to the notice of Government that the present Improvement Committee's identical opinion to drop the acquisition held by it on 28-4-44, was, after due deliberation, was not approved by the City Municipal Council and he requests Government to interfere in the matter and to finally sanction the acquisition of about 416 Sq Yards required for Opening

Maps
Eff

out the blind road in front of his house.

6g) But the Municipal Commissioner has stated that the city Municipal Council have considered the above representations of Mr Narasinga Rao and have resolved that there is not sufficient reason to reconsider their Calcee resolution and that the dropping of the acquisition proceedings be reaffirmed

6h) The Municipal Commissioner has requested orders of Government to drop the acquisition

7o) The records show that the working
3/11/46 of the case relating to the opening out of the blind road in the area between the fruit bazaar & 11th Sarangapani Street is nearly two decades old in Basavanagudi, it was decided in the year 1928 in the opening out of this road was advised in opinion forwarded by Mr Mackenzie, the then town planning expert. But effect was not given to these orders of Govt While laying out the area in the year 1935,

the sanitary requirements were not
needed and certain houses remained
bottled up between two conservancy lanes
Repeated representations were made and the
matter was referred to the H.O. in the year 1910
the latter resolved on 22 3 1915 to
acquire the property & opened the blind road
in the above area at a cost of Rs 5723/-
Preliminary notices were published in the
local papers in June 1915 - All that remained to be
done was to publish the final declaration & take
and to take further acqn proceedings
71 At this stage, the Committee have taken up the question and have resolved that the
not necessary & the acqn need not be proceeded
with. It is not clear how the C.C
considered this subject without any proper reference
to it either by the Municipality or the Collector
President. We would have accepted the
opinion of the C.C & the H.L. only by
Legislature on the above results to drop
the acqn proceedings
72 A perusal of the agenda of the
meeting of the M.C. dated 21 7 45 shows
that two subjects of the erection of
the vegetable market at Basavanagudi
and the drainage & the acquisition

have somehow been mixed up though not interrelated at all and the matter placed before the MLC. It may be mentioned here that the Lease of the C.D. was vetoed on 23/3/44 by the MLC and action was accordingly taken to open out the road in question.

Flag 'A'

73 It is stated that the Network Mission authorities have objected to the acquisition of their property. The area proposed to be acquired out of their property for this purpose is only 67½ sq feet and the Mission is not likely to suffer thereby further, the MLC notes that the letter of the Mission Authorities dated 14/7/45 was considered by the C & C on 13/7/45. It is hard to reconcile this discrepancy, unless it be that the C & C after inspection of the spot on 13/7/45 when it had come to a decision asked the Mission authorities to send up their objections in the matter

Flag 'B'

Flag 'H'

74 In regard to the heavy cost of Rs 5129/- alleged it has to be stated that the MLC have already approved the Valuation Statement and ~~was~~ is waiting to send the money. The MLC have realized a sum of Rs. 15000 by the sale of the site

in this area & the council does not have to lose anything.

It does no doubt lepel for the MLC to reconsider its previous resolution on any subject under see 27 of the (8) city rates act 1933. But the point in this case is that the scheme of the property was sanctioned on the initiative of the MLC and there is no prospect for the MLC to go back on its previous resolution on the subject the MLC have already taken down the proposal of the C & C into same subject matter and it cannot now refer the matter to the C & C alone to act upon it quite contrary to the resolution. The manner in which the subject has been tagged on with another which has nothing to do with the present question and the way in which it is dealt with shows that it is intended to mislead the previous municipal council decided to do in the matter. A certain amount of principle is involved in this affair and the MLC should not be allowed to have its own way in it

Page 2 of the [illegible]

80 7½)

The opening out of the blind lane has been recognized by the MLC by its vote for the required expenditure, as borne in the witness of the Secretary of the Municipality and action has also been taken on the representation made to the MLC by the first. This set at rest an agitation which has been going on for years. Having regard to the above facts, the proposal of the MLC to drop the proceedings need not be approved and the MLC informed that there are no good grounds to revise the previous decision of the MLC and the MLC ever requested to send up the final declaration statements.

Hon I

On 18-7-42, Seven residents, who are owners of houses in Basavanguda (Thr Atma Narasinga Rao being one among them) addressed a petition to the Municipal Comm to open out the blind road in view of its insanitary Condition

A study of the records connected therewith available in the Municipal Office and briefly noted in the margin, I venture to hope would disclose how humble representations, reasonable remonstrances, and even directions from the Government of Mysore, have been ignored and brushed aside

In the circumstances, my urge on the attention of you gentlemen as the City Fathers of this "City Beautiful" is to take such necessary steps as in your judgment may be deemed desirable to adopt, in view to promote and preserve sanitary and hygenic conditions, and to consider in connection therewith the practicallity of :—

(1) The opening out at both ends the present Frontal Road marked X—Y in the plan, now ending in conservancy lanes, as to meet the Gandhi Bazaar and the Samaja Roads

(2) The reservation centrally of sufficient open space to serve as lung space in conformity with the opinion of Mr Krumbiegel the Town planning Expert, vide his letter on 27 4 40

For this act of justice, the hearty thanks of the public in general and the residents of the locality in particular, shall be your due

I am, respectfully

MEMO

of

Facts, references and viewpoints which merit decision at the Municipal Council meeting on the 13th May 1944, when the minute of the C.I.C. dated 28-4-1944 in respect of item No. 12 on the agenda of the Council meeting dated 15-4-1944 is to be laid before it for the final report due to Government in response to the Law Secretary's letter No. L-8729 ML, dated 21-2-1944.

Brief history of the place. It was in 1908 that an area of about 250 feet in length and 60 feet in breadth was parcelled ou and sold with the result that six houses were built thereon. Sinc then, for a number of years access to it from Gandhi Bazaar side continued to be free till later on when it was cut off by owners on the other side raising walls of demarcation of their boundaries. Hence prayers and representations made to the Municipality and Government of the grave defect resulted in its final solution ordered in G.O. No. 4753/ML 114.24 11 dated 17-2-1928 issued on the lines of the advice tendered by Mr. Marker the then Town Planning Expert. This communication of Government to the Bangalore City Municipal Council was however shelved and relegated to oblivion. Instead, a circuitous approach was created and the entire space (now covered by the new lay-out conceived in 1939 and executed, heedless of respectful representation, both personal and official, adversely affecting the convenience of the owners of houses already on the spot for over twenty years), shortly thereafter continued to be kept vacant in view of the condemnation of the said plot for house building purposes recorded by Sanitary Commissioners Dr Pani and Dr Usman

As the new lay-out conceived and executed in 1939 smacked of glaring defect of elementary principles of correct town planning and sanitary requirements and patently oblivious of the fact that the frontal road of the house-owners living on the spot for over 20 years already was bottled up between two conservancy lanes formed the subject of insistent and consistent points of appeal and representations in every possible quarter open to a peaceful and law-abiding citizen to set matters right with the result that even after five years of the sale of the sites, the anomalous condition of affairs has merited the attention of Government as to draw the atten-

tion of the Municipal Council and to invite their opinion (vide letter No. L.8729 ML dated 21-2-1944). The marginally quoted references will go to afford a more vivid description and detailed facts of the case and situation. Vide - Noted in this premises appeal dt 1-8-1940

Inasmuch as the Municipality has associated the name of Mr. Atma M.Narasing Rao with the identity of the new lay-out (vide ML. Notification No. A 6-178-37-38 dated 7-7-1939) he has in no small measure endeavoured to impress the propriety for consideration of the Council his appeal dated 1-8-1940 which remains yet unnoticed in the archives of the Municipality. Hence the points now calling for consideration are .--

(1) How far and how much the claims of house-owners on the spot (other than the new ones on sites marked 1 to 11 in the new lay-out) merit priority of treatment for convenient approach and may be recognised without being ignored and foiled in the interest of the monetary gains to the Municipality by the sale of sites in a lay-out sprung on a condemned area.

(2) How far the remediable defect estimated to cost about Rs 3500/- (400 sq. yds. at Rs 6/- per sq. yd., the price which the new sites fetched at the sales in auntion, or at a very liberal valuation, Rs 3,500/-) may in terms of the Municipal Engineer's proposals concurred in by the Health Officer, is to be negatived and dropped for the reason that the proposal has been torpedoed by the present Government Architect on his view of financial aspect in contradistinction to and against the principles of town planning as remarked by him on the spot at the C.I C inspection on 28-4-1944

N.B. The amount recovered by the sale of sites now approximates Rs 15,000/-

(3) How best to solve the situation without recourse to municipal acquisition of an area usable otherwise for several municipal purposes (~~vide list furnished on the printed appeal dated 1st August 1940~~)

E G. (1) Location permanently of the hospital and dispensary.

(2) The Office of the Registrar of Births and Deaths.

(3) The Municipal Free Reading Room, etc.

Sir,

It was some time in June last (1943) that I had the privilege to wait on the Hon'ble the Minister for Local Self-Government and explain to him in person, with a sketch similar to the one herein enclosed, and indicate how the blind road X--Y shown in it needed to be opened out and which otherwise was offensive to the residents of the locality, not to mention how revolting it was to the canons of correct town planning principles and simple rules of sanitation - as expressed by Mr Krumbiegel The Hon'ble Minister was pleased to appreciate this point of view and felt that prima facie the municipal action was objectionable, and said that on getting their reasons, he would see to its early rectification.

May I, in the above circumstances, beg you to

Subject No 35.-

Opinion of the City Improvement Committee dated 28-4-1944 that the Committee is not in favour of opening the blind road in the area between Gandhi Bazaa Street and H B. Samaj Road in Basavanagudi

Mr A J. Khaleel opposing the opinion of the City Improvement Committee said that it cannot be accepted and the road should be continued It was a blind road causing a good deal of nuisance and the cost involved in continuing it was very little Hence it may be continued

Messrs. L S Raju and P R Ramiah supported the opinion of Mr A J Khaleel

Messrs G Nanjappa and W H Hanumanthappa further supported the views of Mr A J Khaleel

Mr D Venkataramanappa observed that he was not for opposing the opinion o the City Improvement Committee,

Mr M C Suryanarayana Rao further supporting Mr A J Khaleel said that the triangular piece of land in front of Mr Narasinga Rao's house, which was originally decided to be kept open, was disposed ~~for~~ for buildings and this had caused great trouble and nuisanc to the said gentleman It was very necessary that the blind road should be continued to join the Bazaar St

Mr T P Sharma also supported Mr A J Khaleel from the asethetic point of view as well as from sanitary and health points of view

Then the opinion of the City Improvement Committee was put to vote and lost, 1 voting For and 12 Against.

Resolution - The opinion of the City Improvement committee is not approved The road must be opened and plan and valuation statement to be put up for the opening of the road

As by reference to the entire file of correspondence culminating in the issue of No 1390, dated 7-8-1944 to me on the subject of opening out a main blind road near Gandhi Bazaar, Basavangudi, bottled up between two conservancy roads - X-Y in the plan enclosed - deliberately decided upon to be opened out by the Municipal Resolution passed at its Council meeting on the 25th May 1944 on subject No 35 of its agenda, it would be clear how five years of solicitations still continue to be shelved by the Bangalore City Municipality without being translated into a positive fiat accompli

My personal interviews with the Municipal Authorities during the recent months to see to the carrying out of the decision implied in their resolution of 25th May 1944 have been of no avail

LETTER TO THE EDITOR

Site For Market in Basavanagudi

Sir,

As an Onlooker at some of the recent sittings of the City Municipal Council Bangalore in view of my name having been dragged in, and associated with a nameless and unnamable blind road bottled up between conservancy lanes I have had a shake of mind well worthy of expression and reflection in public print to catch the eye of all concerned

In the City Municipal Council deliberation of the 1st instant over a subject inharmoniously blended and unhappily indicative of two distinctly different items of thought clearly suggestive in origin of conscientious bias and mental confusion in formulating its conception viz an alternative choice of a new site for the location of a vegetable market at Basavangudi, in lieu of the previously selected area and dropping of acquisition notified for the opening out of the road in front of Mr Atma Narasinga Rao's house, sanctioned and twice passed in the Municipal Council—once by rejection and reversal of the City Improvement Council opinion of the 28th April 1944 with the direction that the blind road should be opened out and again at the passing of the amount of cost as per valuation, besides the fact of Government declaration in the Notification of the 16th January 45 that the acquisition was for a public purpose —not a word of enlightenment was forthcoming as to what viewpoints swayed the original choice of Door No 36 37 & 38 in the Gandhi Bazaar for the location of a vegetable market and what valid and sustainable reasons of objection were advanced or discovered to influence and justify a deflection of its original opinion by the City Improvement Committee as to decide upon its abandonment Nor the source of inspiration or reasons for inclining the choice of the City Improvement Committee in regard to the new site was put before the Council at the meeting The single note of protest and the voice of conscience that was raised was that of a privileged spokesman, a Government nominee on the Council to indicate and impress the irregularity of the blending of two different items into one subject on the agenda, and of the ill advised spirit of flouting of Council resolutions passed in previous regimes

The logical conclusion of this spokesman's line of argument should reasonably have led to separating the items, on the spot, then and there, and the will of the Council, ascertained in respect of each of them But this was not to be and it is regrettable Nothing emerged beyond a disclosure of the fact that the City Improvement Council's opinion as such, was based on the inspiration of the Municipal Engineer backed by the President's privilege to call on the City Improvement Council for its opinion

That this step implied a defiance and annulment of a previous resolution of the Council and the difference in relative powers and functions of the City Improvement Council and the Municipal Council does not seem to have been taken note of The legal lore and eloquence of the Congress bloc in the Council was conspicuously mum and non est in the treatment and handling of this subject as to appeal one at the sudden paralysis of thought, and bankruptcy of reason which pervaded the atmosphere

How far and how long this practice of piloting action to neutralise past Council proceedings and give the go by to the dictum of finality of action or the continuity of policy in the counsels of this local self governing administration is to prevail worthy of consideration by H H the Maharaja's Government in the local Self department

A scrutiny of the powers of the C I C and of similar instances wherein the City Improvement Committee's opinion has subverted the Council's decision by the custodions of Municipal Administration the State is needed

The Hon'ble Dr T C M Royan, M-D ;
Minister for Education and Public Health,
Government of His Highness the Maharaja of Mysore,
Bangalore

May it please you, my Esteemed Sir,

Without trenching on your attention, with the bias and prejudice which seems to be operative in the City Municipality of Bangalore, I submit to you the following facts, for such graceful decision and disposal as you may feel called upon to effect, after verification of facts on their merits

1 The Government in the Law Department issued a Notification No M L 12175, dated the 16th June 1945, published in the Mysore Gazette of the 21st June 1945, for an acquisition of about 416 square yards of land required for "the public purpose" of opening out a blind ~~xxx~~ road towards joining it with the Gandhi Bazaar, and objections thereto, if any, from vested interests or the public was to be preferred within 30 days thereof

2 The matter is thus now seized by Government separated from the sphere of operations falling within the ambit of Municipal action

3 Now it needs to be ascertained by Government from the special Land Acquisition Officer invested with the authority to conduct the acquisition proceedings as to whether -

a) any objection in this behalf was received by him in his office from any-body interested in the proposed acquisition

b) if so, what were or are the nature of such objections,

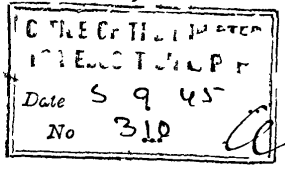
c) whether the Government in the Law Department were apprised of it and instructions for further action obtained by the Special Land Acquisition Officer and if not, why not

d) whether any advice from the Municipal Office was received by the Special Land Acquisition Officer in writing requiring him to desist from further pursuing the acquisition after the lapse of the 30 days limit contained in the Notification

e) what actually delays action on his part how to move further in the process of consulting the Acquisition proceedings

4 It is a point for elucidation whether the powers vested or inherent in the Bangalore City Municipality authorises its control over the Special Land Acquisition Officer to regulate his conduct of work It is further worthy of consideration whether in the absence of any direction from Government the acquisition once sanctioned is to be dropped

5 In loyalty to truth,



I remain
Yours respectfully,

Atma M Narsing Rau

To

The Additional Secretary to Government,
L S G Department,
Bangalore

Sir,

In a matter initiated by Government in Law Secretary's No 8729, dated the 21st February 1944, and the previous references therein in regard to the representation presented by me from time to time to the City Municipality, Bangalore, for the opening out of a blind road in front of my house between the H B Samaja Road, and the Gandhi Bazaar at Basavangudi, the Municipal Council at their meeting on the 25th May 1944, decided after due deliberation that the road must be opened out - vide printed extracts enclosed for ready reference

As a sequential step directed by the Secretary to the Government in the Law Department, notification No Mi L 12175/M1 22-44-85, dated the 16th June 19[illegible], was issued authorising the acquisition of the necessary land, the valuation etc therefor having been approved of by the Council and reported to Government

In these circumstances, the move of the C I C — a subordinate organisation in the City Municipality — hapzardly suggested the abandonment of the need to open out the road and directed the dropping of the acquisition This was, as a matter of course, passed thro' in the Council when there was no manner of need to think of this, in the process of selecting sites for vegetable market and practically neutralising Government Notification of 16-6-1944

On the presentation of these facts, Government in the Law Department in their No L 2076, dated 15-9-45, called for a report from the City Municipality as to the facts of the case, and this has yet to be furnished

P T O

I understand that this has been treated as a matter worthy of being placed again before the Council, for what purpose, not decernable, but resulting only in delaying of Government action in having to direct the Land Acquisition Officer to proceed on, with the necessary further action on his part, in pursuance of Government Notification dated 16-6-1945, for a further period of many months more, inasmuch as ~~the~~ this subject in the agenda of the Municipal Council, for the 27th October 1945 ~~has been~~ numbered as 125

In these circumstances, the matter which has long been pending before Government and the Munipal Council merits an early and judicious disposal

I beg to remain
Sir,
Yours respectfully,

A. Rm. Ramaswamy Reddiar

With reference to Notification L 12175--M1 22-44-85 dated 16-6-1945 (Mysore Gazette, June 21,1945, Part III-1, p.294) stating that certain land area of the (Wesleyan) Methodist Mission property, Gandhi Bazaar Road, Basavangudi, is required for opening a "blind" road, I wish to state that the proposed action seriously frustrates our purpose in holding that property The place and building referred to above are used for divine services and other devotional meetings for Christians in Basavangudi, and the proposed acquisition, however small in extent it may be, can only mean serious inconvenience to us

In these circumstances, I can only request that the proposed acquisition of our property be annulled

Sir,

It is now again my painful duty to have to invite your reference to the mass of literature in the Secretariat files --a few herein noted in the margine--on the subject of my contention with the City Municipality to open out the blind road ending in conservancy lanes, as to connect it with the Gandhi Bazaar, Basavangudi

L No 8729, dated 21st February 1944 C I C's opinion reversed in Municipal Council's regulation dated the 25th May 1944 on subject 35 L No 1390, dated 9-8-1944 Government Notification No L 12175/ Municipal 22-44-85, dated 16-6-45	I enclose herein Municipal Council's agenda proposed for the special meeting of the 31st July 1945 and to be taken up for consideration

on 7th August 1945

The concluding portion of subject No 16 in the above agenda is the subject of my present concern, in respect of which, I herein submit, a respectful representation Two distinctly different points viz , the act of approving the selection of an alternate site for a Vegetable Market as against sites Nos 36, 37 and 38 originally intended, and secondly the "dropping of acquisition" of land required for open ing the blind road referred to in the notification of the 16th June 1945 for a public purpose and far away from the newly proposed site for the proposed market have been very unhappily clubbed together and are not germane to either

In so far as what I have to urge now on the attention of Government is that the present C I C's identical opinion held by it on the 28th April 1944 was after due deliberation and discussion in the council meeting or the 25th May 1944

was definitely rejected and it was resolved that "the road must be opered and plan and valuation statement to be put up for the opening of the road"--vide Municipal Council's proceeding printed No 19, as the minutes of the proceedings of the Municipal Council

Whether in the light of these facts and priority of the Municipal Council's resolution of the 25th May '45, and the consequential declaration by Government of the 16th June 1945, is to be now annulled and dropped pursuant to the present move of the City Municipal Improvement Committee's opinion dated the 13th July '45, proposed to be considered at the Municipal Council meeting adjourned to the 7th August 1945,--calls for Government decision and further action

I respectfully solicit, in view of the present circumstance of the case, immediate action to get the Municipality to do the right thing may kindly be taken

Yours respectfully,

Sd/ Ahmed Ibrahim
